§ 24.503

- (c) Rental assistance payment for a 180day owner-occupant that is displaced from a leased or rented mobile home site. If the displacement mobile home site is leased or rented, a displaced 180-day owner-occupant is entitled to a rental assistance payment computed as described in §24.402(b). This rental assistance payment may be used to lease a replacement site; may be applied to the purchase price of a replacement site; or may be applied, with any replacement housing payment attributable to the mobile home, to the purchase of a replacement mobile home or conventional decent, safe and sanitary dwelling.
- (d) Owner-occupant not displaced from the mobile home. If the Agency determines that a mobile home is personal property and may be relocated to a comparable replacement site, but the owner-occupant elects not to do so, the owner is not entitled to a replacement housing payment for the purchase of a replacement mobile home. However, the owner is eligible for moving costs described at §24.301 and any replacement housing payment for the purchase or rental of a comparable site as described in this section or §24.503 as applicable.

§ 24.503 Replacement housing payment for 90-day mobile home occupants.

- A displaced tenant or owner-occupant of a mobile home and/or site is eligible for a replacement housing payment, not to exceed \$5,250, under \$24.402 if:
- (a) The person actually occupied the displacement mobile home on the displacement site for at least 90 days immediately prior to the initiation of negotiations;
- (b) The person meets the other basic eligibility requirements at §24.402(a); and
- (c) The Agency acquires the mobile home and/or mobile home site, or the mobile home is not acquired by the Agency but the Agency determines that the occupant is displaced from the mobile home because of one of the circumstances described at §24.502(a)(3).

Subpart G—Certification

§ 24.601 Purpose.

This subpart permits a State Agency to fulfill its responsibilities under the Uniform Act by certifying that it shall operate in accordance with State laws and regulations which shall accomplish the purpose and effect of the Uniform Act, in lieu of providing the assurances required by §24.4 of this part.

§24.602 Certification application.

An Agency wishing to proceed on the basis of a certification may request an application for certification from the Lead Agency Director, Office of Real Estate Services, HEPR-1, Federal Highway Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590. The completed application for certification must be approved by the governor of the State, or the governor's designee, and must be coordinated with the Federal funding Agency, in accordance with application procedures.

[70 FR 611, Jan. 4, 2005, as amended at 73 FR 33329, June 12, 2008]

§ 24.603 Monitoring and corrective action.

- (a) The Federal Lead Agency shall, in coordination with other Federal Agencies, monitor from time to time State Agency implementation of programs or projects conducted under the certification process and the State Agency shall make available any information required for this purpose.
- (b) The Lead Agency may require periodic information or data from affected Federal or State Agencies.
- (c) A Federal Agency may, after consultation with the Lead Agency, and notice to and consultation with the governor, or his or her designee, rescind any previous approval provided under this subpart if the certifying State Agency fails to comply with its certification or with applicable State law and regulations. The Federal Agency shall initiate consultation with the Lead Agency at least 30 days prior to any decision to rescind approval of a certification under this subpart. The Lead Agency will also inform other Federal Agencies, which have accepted a certification under this subpart from

Office of the Secretary of Transportation

the same State Agency, and will take whatever other action that may be appropriate.

(d) Section 103(b)(2) of the Uniform Act, as amended, requires that the head of the Lead Agency report biennially to the Congress on State Agency implementation of section 103. To enable adequate preparation of the prescribed biennial report, the Lead Agency may require periodic information or data from affected Federal or State Agencies.

APPENDIX A TO PART 24—ADDITIONAL INFORMATION

This appendix provides additional information to explain the intent of certain provisions of this part.

SUBPART A—GENERAL

 $Section\ 24.2\ Definitions\ and\ Acronyms$

Section 24.2(a)(6) Definition of comparable replacement dwelling. The requirement in §24.2(a)(6)(ii) that a comparable replacement dwelling be "functionally equivalent" to the displacement dwelling means that it must perform the same function, and provide the same utility. While it need not possess every feature of the displacement dwelling, the principal features must be present.

For example, if the displacement dwelling contains a pantry and a similar dwelling is not available, a replacement dwelling with ample kitchen cupboards may be acceptable. Insulated and heated space in a garage might prove an adequate substitute for basement workshop space. A dining area may substitute for a separate dining room. Under some circumstances, attic space could substitute for basement space for storage purposes, and vice versa.

Only in unusual circumstances may a comparable replacement dwelling contain fewer rooms or, consequentially, less living space than the displacement dwelling. Such may be the case when a decent, safe, and sanitary replacement dwelling (which by definition is "adequate to accommodate" the displaced person) may be found to be "functionally equivalent" to a larger but very run-down substandard displacement dwelling. Another example is when a displaced person accepts an offer of government housing assistance and the applicable requirements of such housing assistance program require that the displaced person occupy a dwelling that has fewer rooms or less living space than the displacement dwelling.

Section 24.2(a)(6)(vii). The definition of comparable replacement dwelling requires that a comparable replacement dwelling for a person who is not receiving assistance under any government housing program before dis-

placement must be currently available on the private market without any subsidy under a government housing program.

Section 24.2(a)(6)(ix). A public housing unit may qualify as a comparable replacement dwelling only for a person displaced from a public housing unit. A privately owned dwelling with a housing program subsidy tied to the unit may qualify as a comparable replacement dwelling only for a person displaced from a similarly subsidized unit or public housing.

A housing program subsidy that is paid to a person (not tied to the building), such as a HUD Section 8 Housing Voucher Program, may be reflected in an offer of a comparable replacement dwelling to a person receiving a similar subsidy or occupying a privately owned subsidized unit or public housing unit before displacement.

However, nothing in this part prohibits an Agency from offering, or precludes a person from accepting, assistance under a government housing program, even if the person did not receive similar assistance before displacement. However, the Agency is obligated to inform the person of his or her options under this part. (If a person accepts assistance under a government housing assistance program, the rules of that program governing the size of the dwelling apply, and the rental assistance payment under §24.402 would be computed on the basis of the person's actual out-of-pocket cost for the replacement housing.)

Section 24.2(a)(b)(ii) Decent, Safe and Sanitary. Many local housing and occupancy codes require the abatement of deteriorating paint, including lead-based paint and lead based paint dust, in protecting the public health and safety. Where such standards exist, they must be honored. Even where local law does not mandate adherence to such standards, it is strongly recommended that they be considered as a matter of public policy.

Section 24.2(a)(8)(vii) Persons with a disability. Reasonable accommodation of a displaced person with a disability at the replacement dwelling means the Agency is required to address persons with a physical impairment that substantially limits one or more of the major life activities. In these situations, reasonable accommodation should include the following at a minimum: Doors of adequate width; ramps or other assistance devices to traverse stairs and access bathtubs, shower stalls, toilets and sinks: storage cabinets, vanities, sink and mirrors at appropriate heights. Kitchen accommodations will include sinks and storage cabinets built at appropriate heights for access. The Agency shall also consider other items that may be necessary, such as physical modification to a unit, based on the displaced person's needs.
